REPRODUCED FROM THE COLLECTIONS OF THE MANUSCRIPT DIVISION, LIBRARY OF CONGRESS

February 23, 1967

Mr. Norman Redlich,
Executive Assistant Corporation
Counsel,
Law Department,
The City of New York,
Municipal Building,
New York, New York 10007.

Dear Norman:

Sometime ago - in fact, a long time ago - you wrote me a letter concerning the Commission and enclosed one you received from Professor John R. Waltz of Chicago.

Much water has gone over the dam since that time, but I don't believe that the Lanes, Epsteins, et cetera, et cetera have contributed any light to the situation. However, it is amazing to me how people will listen to such trash instead of reading a volume of earnest and faithful exploration and evaluation of the facts.

I hope you are enjoying your work with the New York City Government, and that sometime when you are in Washington I may have an opportunity to see you.

With best wishes, I am

Sincerely,
